Good morning Sam,

That Flock Camera was erected on June 24, 2025, at the location of Jackson Street and Holt Street.

Have a nice weekend.

**Subject:** Elk River Automated License Plate Reader

You don't often get email from [REDACTED]. [Learn why this is important](#)

Hello Elk River police department,

I am contacting you concerning an Automated License Plate Reader found in Elk River at the intersection of Jackson Street and Holt Street next to the "30 MPH" speed limit sign, more precisely at the coordinates 45.32130070047323, -93.56364742506702

My main question is: how long has this ALPR camera been erected for? It doesn't show up on Google Streetview from June 2025, and I can't put my finger on how long it's been up for as it was just noticed this week.

I posed this question to the Sherburne County sheriff's department and they said it must be yours.

Thanks,

Sam
