Bringing Information Security to Local Minnesota Governments

Olmsted County Sheriff's Office 2022 ALPR Audit

Executive Summary

Prepared for the
Olmsted County Sheriff's Office
January 11, 2023

Minnesota Security Consortium - MNSec

Bringing Information Security to Local Minnesota Governments

Background:

Olmsted County Sheriff's Office retained the Minnesota Security Consortium to audit its agency's use of their ALPR program against the requirements of MN Statute 13.824. The Minnesota Security Consortium does not operate or have access to their ALPR systems, therefore allowing it to audit the systems as an independent auditor. The Olmsted County Sheriff's Office Command and IT Staff provided their administrative access to the PIPS Technology BOSS3 during the audit to review audit criteria. This Audit Period will cover 1/1/2021 to 12/31/2022. Olmsted County Sheriff's Office has active ALPR systems on 4 Patrol Vehicles and other sources that they have jurisdiction over in the County. No stationary ALPR units were reported at the time of the audit.

Department Policy & Procedures:

Olmsted County Sheriff's Office has an ALPR Policy in place entitled, "Policy 426: Automated License Plate Readers (ALPR)." They have been keeping their policy updated and it contained all the necessary policy statements. A review of this policy found that Olmsted County Sheriff's Office was compliant in this part of the statute.

Record Retention:

The Olmsted County Sheriff's Office ALPR Boss administrative control panel was audited to ensure that each device setting was set for a retention period of no more than 60 days. Two of the devices had 3-month retention setting at the device level, but the server database system setting was set to 60 days. No plate reads were detectable after 60 days. As a precaution, IT change the settings back to 60 days at the device level. Olmsted County Sheriff's Office was found to be compliant with this part of the statute.

Data Security and Access Control:

The Olmsted County Sheriff's Office's ALPR system is protected by an Access Control system built into the BOSS backend server application. Users and groups were found to be current and appropriate for the intended use by the agency, allowing users only the minimum access that they need to perform their functions. User accounts and role-based accounts are reviewed on a regular basis by ALPR Administrators. The ALPR Administrators are appointed by the Olmsted County Sheriff. The BOSS ALPR system also contains a robust audit trail which was sampled to determine if it is logging access by users properly. Olmsted County Sheriff's Office was found to be compliant in this part of the statute.

Data Classification:

Olmsted County Sheriff's Office ALPR Data that has been collected is classified as private unless access is permitted by law. Public data requests of data collected on a license plate owner's vehicle is readily available through a proper records request via the Olmsted County Sheriff's Office. Olmsted County Sheriff's Office was found to be compliant with this part of the statute.

Sharing Among Law Enforcement Agencies:

Appropriate sharing of ALPR data is conducted through inter-agency requests. The requests are made and reviewed though Agency Command. At the time of the Audit no inter-agency requests had been made. As a result of these findings, Olmsted County Sheriff's Office was found to be compliant with this part of the statute.

Public Log of Use:

The BOSS ALPR system also contains a robust audit trail which was sampled to determine if it is logging access by users properly. The Olmsted County Sheriff's Office has been maintaining a standard set of Log of Use Reports, within the BOSS system. Sample reports from the past two months were reviewed during the audit process. Olmsted County Sheriff's Office was found to be compliant with this part of the statute.

Notification to Bureau of Criminal Apprehension:

Olmsted County Sheriff's Office made the required notification to the Bureau of Criminal Apprehension when it started its ALPR Program. This was validated on the BCA website. The Olmsted County Sheriff's Office was found to be compliant with this part of the statute.

Biennial Public Accountability Audit:

Olmsted County Sheriff's Office has their last audit in 2020, and plan on their next audit in 2 years. Command and IT Staff were very cooperative throughout the entire audit process and understand the intent of the public accountability and provided easy access to policies and procedures, staff interviews, and audit of the Boss ALPR Systems. Olmsted County Sheriff's Office was found to be compliant with this part of the statute.
